SUMMARY

BSIT student at STI College Malolos looking for an OJT placement or junior developer role. I build desktop apps in C# and web apps in JavaScript and Node.js, including an inventory and point-of-sale system that a motorcycle parts shop runs every day. I learn by building, and I'm clear about what I know well and what I'm still learning.

TECHNICAL SKILLS

Core: C#, .NET, WinForms, GDI+, Java, HTML, CSS, JavaScript, Node.js, SQL / SQLite, Bootstrap
Familiar with: Next.js, Socket.IO, PostgreSQL, Git and GitHub, Unity 3D, Blender, SAP S/4HANA, Figma

PROJECTS

- Motorparts Inventory** | Solo | Node.js, SQLite, JavaScript 2026
- Inventory, point of sale and sales tracking for a motorcycle parts shop in Bulacan; in daily use at the shop.
 - Parts filter by bike model, a counter POS with guard rails, receipt-based returns, daily cash closing and reports.
 - One server file on Node's built-in HTTP and SQLite with no dependencies; phone-first, with staff and admin roles.
- The Hive Kiosk** | Group project, kiosk built solo | C#, WinForms, GDI+ 2024 - 2026
- Self-order kiosk for The Hive Cafe; my teammates built the main POS system and I built the kiosk.
 - Every screen drawn by hand with GDI+, English and Filipino, sold-out handling, and a PIN-protected staff screen.
- Malolos Rush** | Group capstone, in progress | Unity 3D, Blender 2026
- 3D designer and lead project manager: I plan the work, lead the team and write the capstone paper.
 - 3D workflow combining AI for first drafts with Blender for the final models.
- CampusQue** | Solo, in development | Next.js, Socket.IO, PostgreSQL 2026
- Queue system for a campus lobby: take a number at a kiosk, follow it live on your phone, get called to the counter.
- Portfolio and personal site** | Solo | HTML, CSS, JavaScript 2026
- Two sites with no framework: a developer portfolio with case studies, and a personal site with a gallery and video section.

EDUCATION

Bachelor of Science in Information Technology | STI College Malolos 2023 - present

CERTIFICATIONS

- AI Career Readiness Training** | ASEAN Foundation, supported by LinkedIn Sep 2026
- SD, MM, PP, FI, CO Modules of SAP S/4HANA using Global Bike** | STI College, SAP University Jan - Jun 2025
